

2017 CHARITABLE DONATION OPPORTUNITIES

NHF Colorado Family Camp

Program Description: Family Camp provides families affected by bleeding disorders an opportunity to bond with their families and peers. Participants will have a chance to meet others in their home state that are experiencing some of the same health issues, helping them to develop a stronger support system and benefit from the emotional health of individuals within a family unit.

Location: Allenspark, CO

Program Date: June 16-18, 2017

Exhibitor commitment deadline: **March 31, 2017**

Logo submission deadline: **March 31, 2017**

Mile High Summer Camp

Program Description: Mile High Camp is a summer camp in a physically safe and medically sound environment for children ages 7-18 affected by an inherited bleeding disorder such as hemophilia, von Willebrand disease (vWD), and other clotting deficiencies. As they participate in the activities and wilderness experiences, children learn to overcome limitations and build self-esteem. The six-day overnight camp gives them many opportunities to bond with their peers and practice teamwork. The philosophy is to provide traditional camping activities in a safe environment.

Location: Rocky Mountain Village, Idaho Springs, CO

Support Commitment Deadline: **May 27, 2017**

Program date: July 17 – July 21, 2017
