

Advocacy Committee

Our Mission

The Society exists to advocate for, assist and educate persons affected by hemophilia, von Willebrand's disease and other coagulation disorders and the complications arising therefrom. The Hemophilia Society will also educate the general public about hemophilia, von Willebrand's disease and other coagulation disorders.

Committee Description

The Advocacy Committee is responsible for a continuing program to advocate for issues in support of the NHF's mission, through planned activities and services in the Chapter's stated coverage area. The Advocacy Committee will work to create, sustain, and improve the quality of advocacy work at the local and national level for its members of the HSC community. Hemophilia Society of Colorado is striving to develop stronger advocacy efforts to benefit affected members of the bleeding disorder community.

The Advocacy Committee is tasked with, but not limited to:

- Identifying and communicating calls for action that affect members of the local and national bleeding disorder community;
- Creating, organizing, and evaluating the annual Legislative Day in Colorado;
- Selecting representatives for the Colorado chapter at Washington Days;

The Advocacy Committee's responsibility is to oversee the administration of advocacy efforts in coordination with the HSC executive director and the HSC board. We are looking for individuals who are passionate about advocacy and engaging others from the community in these efforts..

Qualifications

- Interest in and willingness to support HSC's goals and objectives;
- Initiative and integrity;
- Analytical ability;
- Leadership;
- Sound decision-making ability;
- Planning skills;
- Ability to organize and monitor work;
- Collaborative;
- Ability to easily use email and other technology such as Skype;
- Experience in advocacy or willingness to learn about advocacy.
