

YOU ARE INVITED:

Women with Bleeding Disorders: New Emphasis and About Time!

Join us at Women with Bleeding Disorders:

New Emphasis and About Time! This event for women is brought to you by the Colorado Chapter of the National Hemophilia Foundation (NHF) and Octapharma.

Tuesday, October 18, 2022 | 6:30 pm

Maggiano's DTC | 7401 S. Clinton St. | Englewood | CO 80112

Come hear Octapharma medical expert Dr. Amber Federizo, APRN, FNP-BC talk about the past, present, and future of the understanding and treatment of bleeding disorders in women. Learn about historical views of hemophilia A and von Willebrand disease (VWD), the genetics and prevalence of the two bleeding disorders, and the signs and symptoms of the conditions in women. Get the good news about how bias against women, treatment gaps, and stigma are slowly being eliminated thanks to new and ongoing research.

About Our Presenter

Dr. Amber Federizo, APRN, FNP-BC is Factor My Way Nurse Educator at Octapharma USA. She has dual certifications in Hemostasis and Family Practice, with a special interest in women with bleeding disorders and menstrual and sexual health.

For questions reach out to Hanna Beary at hbeary@hemophilia.org or 646-499-0684.

Our event is complimentary and open to all women 18 years of age and older.

Dinner will be provided.

Don't miss out!
Registration closes 10/11/22.

Sign up now!
